The Elegance of Your Wedding

WEDDING FAIR 2025

Our Services

"Every love story deserves its perfect soundtrack"

Since 2015, we have been writing the most beautiful melodies of your story together.

From Brussels to Antwerp, from Liège to the most beautiful venues in Belgium, we are wherever love calls us.

A saxophonist who makes hearts vibrate during your first dance.

Live musicians who transform your evening into a private concert.

Moments that become memories, cherished forever.

With **What The Funk**, our 10-piece orchestra, your wedding becomes a celebration where every guest becomes a dancer and every smile tells your happiness.

Wedding DJ

A DJ who accompanies every moment of the day. Tailored music, smooth transitions, discreet and professional hosting.

Professional DJ Equipment

Clear and powerful sound, adapted to any venue size. Modern lighting to create the desired atmosphere, from cocktail hour to the dance floor.

DJ Sax & Live

A saxophonist who interacts with the DJ to energize your party. Option to add a cover band for a truly live experience.

Photos & Videos

A complete photo and video coverage of your day. Natural images following the flow of the event, without forced staging.

Ceremony Hosting

Support to structure and host your ceremony. Texts, music, and flow prepared with you, for a smooth and personal moment.

4K

Drone Footage

Aerial shots that highlight the venue and your wedding setting. A visual addition that gives perspective to your story.
